

EMVEE Smoke Exhaust Fan

Technical Specifications

Fan Type:	Smoke Extraction Fan
Model:	EMVEE-SXF500
Diameter:	500 mm
Air Flow:	Up to 15000 m³/h
Temperature Rating:	300°C / 2 Hours
Motor Type:	Smoke-Proof Motor
Voltage:	415V, 3 Phase, 50Hz
Mounting:	Ceiling / Wall Mounted
Housing:	Galvanized Steel with Epoxy Coating
Usage:	Basement Smoke Extraction, Fire Safety Systems

Key Features

- High performance and airflow efficiency
- Rugged construction for industrial use
- Low maintenance and easy installation
- Custom configurations available
- Designed for maximum safety and airflow control
